

## **STRATEGIC PLAN 2010 – 2013**

### **VISION**

Making a difference in all aspects of lymphology

### **MISSION**

The peak professional organisation promoting best practice in lymphoedema management, research and education in Australasia

### **Strategic Objectives**

- To be recognised as an authoritative body that consults with and advises government, educators, health care providers and other third parties on lymphoedema and other oedemas
- To promote evidenced based practice in the prevention, detection, diagnosis and management of lymphoedema and other oedemas
- To encourage research in the area of lymphoedema and other oedemas
- To provide and promote a forum for the regular exchange of views and information in relation to lymphoedema and other oedemas
